

PATIENT CARE TECHNICIAN

Summary

Enthusiastic and hardworking nursing school graduate. Graduated Salutatorian and Magna Cum Lauda from Chamberlain University. My can-do attitude has led me to be a valued member to all my prior employers. I am extremely dedicated and always strive to provide the best service possible, one that I can proudly put my name on. I understand the importance of getting the job done correctly the first time, and in a timely manner. I will be a strong advocate for my patients and for the healthcare team I work for.

Experience

12/2016 to 07/2017

Patient Care Technician

- Interviewed patients, measured vital signs, and documented all information on patients' EMR.
- Assisted nurses in pre-and postoperative therapy with treatments; inserting and discontinuing Foley catheter, discontinuing IV catheters, and maintaining IV fluids.
- Collected and prepared laboratory specimens, performed glucose monitoring.
- Transported patients via wheel chairs and stretcher, assisted patients to ambulate around the unit.
- Notified nurses of any conditional changes of patients in my care.
- Provided care and comfort to all patients, ensuring the best possible care.

06/2010 to 12/2014

Server Company Name

- Assisted patrons during selection of food and beverages by presenting menu, and offering recommendations.
- Transmitted orders to bar and kitchen by recording patrons' choices; identified patrons' special dietary needs and special requests.
- Protected establishment and patrons by adhering to sanitation, safety, and alcohol beverage control policies.

09/2005 to 09/2009

Aviation Electronic Technician Company Name

- Drastically reduced aircraft discrepancies by 30% during my tenure with Patrol Squadron Sixteen.
- Troubleshoot, replaced, and repaired critical electronic equipment on 17 different P-3C aircraft avionics systems.
- Responsible for accurate and timely updating of aircraft log books.
- Accountable for over 10 junior sailors in my work center.

07/2000 to 08/2005

Company Name

- Assisted DVM with medical examinations, triaged incoming patients and managed clients throughout their visit.
- Prepared animals for surgery, prepared surgical packs, monitored patients under anesthesia, and assisted Veterinarians during surgical procedures.
- Performed dental procedures, x-rays, lab and bloodwork.
- Gave vaccinations, obtained blood samples, and administered medications.
- Monitored and appropriately documented patient vital signs and activity.
- Clearly communicated instructions to my clients and veterinary assistants.
