

Elon Musk

Short portrait.

Elon Musk, a 51-year-old male entrepreneur, inventor, and CEO, is best known for his ambitious goals in revolutionizing transportation and energy. Born in Pretoria, South Africa, Musk later moved to the United States to pursue higher education. He attended Queen's University in Kingston, Ontario, Canada for two years before transferring to the University of Pennsylvania.

As a visionary with a normal build, short-cropped hair, and a trimmed beard, Musk often sports tailored suits or smart casual attire, giving him a confident yet approachable demeanor. Throughout his career, Musk has founded and led several successful companies, including SpaceX, Tesla, Neuralink, and The Boring Company. His interests span across various fields such as space exploration, electric vehicles, artificial intelligence, sustainable energy, tunnel construction, neural interfaces, Mars colonization, and hyperloop transportation. With his dedication to advancing technology and sustainable solutions, Elon Musk continues to leave an indelible mark on the world.
