

EXERCISES 2.2

1. Create a form with two buttons, run the program, and click on each button. Do you notice anything different about a button after it has been clicked?
2. While a program is running, a control is said to lose focus when the focus moves from that control to another control. Give three ways the user can cause a control to lose focus.

In Exercises 3 through 24, carry out the task.

3. Place "CHECKING ACCOUNT" in the title bar of a form.
4. Create a text box containing the words "PLAY IT, SAM" in blue letters.
5. Create a text box with a yellow background.
6. Create a text box named txtGreeting and containing the word "HELLO" in large italic letters.
7. Create a label containing the sentence "After all is said and done, more is said than done." The sentence should occupy three lines, and each line should be centered horizontally in the label.
8. Create a read-only text box containing the words "Visual Basic" in bold white letters on a red background.
9. Create a text box named txtLanguage and containing the words "Visual Basic 2010" in Courier New font.
10. Create a yellow button named btnPush and containing the word "PUSH".
11. Create a white button containing the word "PUSH" in large italic letters.
