

Pinus

EDUCATION

BA in Computer Science

Master's in Data Science and Analytics

EXPERIENCE

Data Scientist

06/2015 - 08/2018

- Assisted in the design and development of time series solutions, primarily utilizing AWS, on which I enhanced the model proposing a new feature engineering process. Spearheaded multiple initiatives to mine insights from vast datasets, leading to actionable business strategies and a 20% increase in operational efficiency. Also collaborated closely with the engineering team to deploy machine learning models using AWS Sagemaker.
- Hard skills: AWS Sagemaker, Python, R, SQL, Redshift.

Senior Data Scientist

09/2018 - 03/2021

- Led a team of 5 data scientists in developing scalable solutions on the AWS platform. Ensured seamless integration of machine learning models into production using tools like Flask and Lambda. Also initiated a company-wide move to adopt CI/CD practices for data science projects.
- Hard skills: EMR, Glue, Hadoop, Spark, Flask, CI/CD.

Data Scientist Manager

04/2021 - Present

- Currently driving innovation in data science projects, focusing on AWS services. Regularly interface with stakeholders, translating complex technical details into understandable insights, and ensuring alignment of technical solutions with business goals.
- Hard skills: AWS Kinesis, Hive, User Engagement.

SOFT SKILLS

Effective Communication, Team Leadership, Analytical Thinking, Client-Centric Approach, Problem-Solving, Adaptability.

LANGUAGES

English, Spanish.
