

Bode

EXPERIENCE

Business Intelligence Developer

01/2010 - 08/2017

- Focused on developing business intelligence solutions for the company using tools like Tableau and QlikView. Created a range of dynamic dashboards that offered real-time business insights, leading to better decision-making processes. Introduced automation in monthly report generation, saving over 20 hours of manual work each month.
- Hard skills: Tableau, QlikView, Automation, SQL.

Data Warehouse Specialist

09/2017 - 11/2020

- Worked on the development and maintenance of the company's data warehouse, using Azure blob storage, ensuring data integrity and availability. Collaborated with different departments to understand their data needs and structured the warehouse accordingly. Made significant improvements in data extraction, transformation, and loading (ETL) processes.
- Hard skills: Azure, ETL Processes, Data Integration, Data Modeling.

Senior Business Intelligence Analyst

12/2020 - Present

- Currently overseeing the BI department, driving the strategy for data visualization and reporting. Introduced new tools and technologies to keep up with industry standards. Played a significant role in mentoring junior members and conducting regular training sessions.
- Hard skills: BI Strategy, Data Visualization.

SOFT SKILLS

Problem-solving mindset, Effective team collaboration, Strong communication, Proactive approach, Client-centric mentality, Adaptability to new technologies.
