

Triangle

EDUCATION

Bachelor Degree in Software Engineering

Master in Computer Science

PhD in Computer Science

EXPERIENCE

Junior Web Developer - Part-time

11/2021 - 03/2022

- Worked part-time at a local digital agency while completing my studies. I was primarily involved in maintaining and updating clients' websites. Recognizing a pattern in client requests, I built several reusable React components, which reduced the time spent on subsequent projects by 15%.
- Hard skills: React, Website Maintenance, Component Development.

Frontend Developer - Temporary Contract

06/2022 - 09/2023

- Joined a startup in the edtech domain on a short-term contract. Tasked with enhancing the frontend of their platform, I utilized React to redesign key features, improving both aesthetics and user navigation. My contributions led to an increased user session time by 10% over a span of three months.
- Hard skills: React, UX/UI.

SOFT SKILLS

In-depth Analytical Abilities, Multidisciplinary Knowledge, Effective Collaboration, Rapid Problem Solving, Client-Centric Approach.

LANGUAGES

English, German (Basic), Spanish.
