EXPERIENCE

Junior Frontend Developer

02/2019 - 04/2020

- Joined a medium-sized marketing agency with the primary responsibility of building and maintaining client web-sites. Utilized React for several projects, collaborated closely with designers, and incorporated feedback from non-technical stakeholders. Managed to optimize website load times by 20% through efficient coding practices.
- Hard skills: React, AJAX, Figma.

Frontend Developer

05/2020 - Present

- Transitioned to a larger tech firm. While my primary focus remained on React development, I was introduced to managing parts of the backend, working with Node.js on several projects. Started attending project planning meetings, offering insights from a developer's perspective.
- Hard skills: React, Node.js, PI planning.
