OTF (closed outlines)

Relief Outline Regular

24pt/34pt

---

Inkscape

AxiDraw Control extension

---

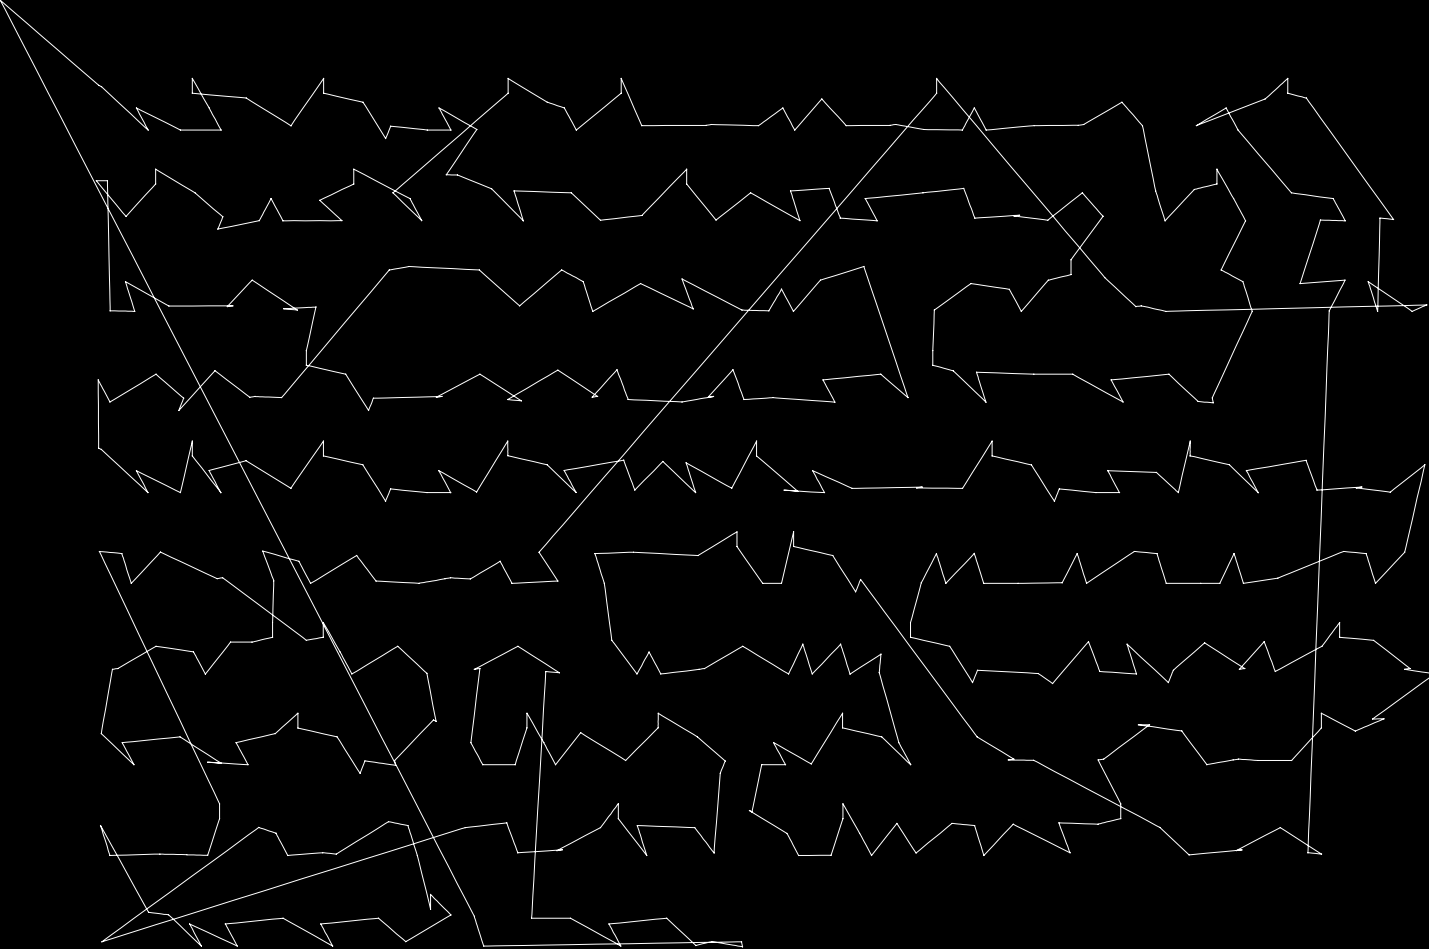

Estimated print time: 08:51 (minutes, seconds)

Total movement distance: 12.33 (meters)

Relief SingleLine is a versatile sans serif “single-line” font with open paths oriented towards CNC (Computer Numerical Control) engraving and fab labs environment. Relief SingleLine provides a single-line path for a pen, laser, or milling tool to follow for an efficient and clean looking typographical rendering. Relief SingleLine has a “classic” outlined companion, Relief, for print and screen environments.
